

GBS ~Med~

Comfortable
Lightweight and
Spacious

WASHABLE

The naturally soft, light and natural coloured materials used in GBS Med shoes are machine washable at 30°. Simply place in your washing machine, ensuring that the strap is fastened. It is important that you allow the footwear to dry naturally and wash separately. Do not tumble dry.

EXTRA WIDTH

GBS Med shoes are comfortably wide, medically certified, spacious shoes. Thanks to their width and easy fastening they are also convenient for people with physical limitation.

FLEECE LINED

The GBS Med style Torbay has a microfibre upper with warm fleece lining and fleece insole. Especially suitable in the cold-year period.

LIGHTWEIGHT

These shoes are made from textile material microplush with velcro enabling super lightweight everyday comfort.

HYGIENIC

GBS Med shoes undergo antibacterial treatment that effectively reduces the development of bacteria and odour.

**SLIP
RESISTANT**

SAFETY FIRST

The GBS Med sole is made from lightweight PU and is SRA slip resistant.

**ANTI
SHOCK**

TREAD COMFORT

GBS Med shoes mitigate the impact of the foot on the floor.
