

## GRAPPLE ST

22953001 – Black Industrial Bear

### PRODUCT DESCRIPTION:

Modern Outdoor collection offers enhanced cushioning, flex and comfort through use of athletic footwear materials and construction process. Grapple is a 6-tie, lightweight lace-to-toe work hiker in soft industrial grade tumbled leather uppers, and features an internal steel toe cap, padded collar and bellows tongue. The engineered SoftWair™ sock-liner delivers extra cushioning at heel and forefoot while the raised grid pattern promotes underfoot airflow to keep your feet dry and happy. A ¾ length EVA midsole provides an excellent balance of cushioning and rigidity. The unique X-shaped shank has been engineered to deliver stability and control, without compromising under-foot flexibility. Superior lateral support is provided in the arch-region. Graduated flex matches the foot's natural movement. Durable Nitrile rubber sole unit is slip and heat resistant to 300°C, while the rubber moulded kick-heel increases ease of use.

### STANDARD:

EN ISO 20345:2011 SB SRC E
