Size Range	UK 4-14 EU 37-49	
Colour	Black	
Slip Resistance	SRC	

AS241 DARTMOOR: A versatile safety work boot ideal for employees and staff who work both at heights and low down. Smart design with water-resistant leather upper and internal breathable, waterproof DRI-BLOC™ membrane. Cushioning deep padded mesh collar and tongue for all day comfort. An injected moulded PU scuff cap gives extra durability, protecting the wearer when pulling pallets or cages, or when working on their knees. The antistatic non-marking cleated outsole is suitable for a range of indoor surfaces and has ladder grip for when working at heights. Ideal for employees who work both indoors and outdoors in a wide range of industries including warehouse, stock rooms, distribution, trades people, plumbing and home renovation.

- Cleated outsole provides ultimate performance and grip in varied conditions
- Ladder grip lines for working at heights.
- Non-marking outsole
- Fuel & oil resistant outsole
- Antistatic
- Energy absorbent heel

Care Advice: To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
