AS609 FLEUR: Eco-friendly slip-on Women's safety shoe constructed with 100% recycled rPET woven mesh flyknit upper and environmentally-conscious non-marking oil-resistant rubber sole. The Sophie Collection is designed for and chosen by women in industry with the AS609 Fleur starting from a small UK size 2. Complete toe protection safety is given with an impact and compression resistant 200J steel toe cap with a heat bonded TPU toe guard giving that added durability. Underfoot penetration-resistance is given with a lightweight and flexible composite midsole, tested for general risks with a nail 4.5mm in diameter. A triple density ultra-cushioning Phylon midsole provides all day comfort and energy return. Non-marking outsole with antistatic construction ideal for supermarket and hospital flooring. Ideal comfort slip-on style for women who need a quick change from office to warehouse, from driving to delivery, from shop floor to stock room. Vegan-friendly construction with eco-friendly materials suitable for environmentally-conscious businesses to help meet sustainability goals.

- ◆ Recycled mesh lined removable PU footbed
- ◆ Dual density Phylon midsole enhances comfort and reduces fatigue
- ◆ 10% Recycled rubber in outsole
- ◆ Non-marking outsole
- ◆ Oil resistant outsole.
- ◆ Antistatic.
- ◆ Energy absorbing heel.

This is a non-leather product that is suitable for the wear by vegetarians and vegans.

Care Advice: To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
