AS610 IVY: Eco-friendly Women's safety shoe constructed with vegan-safe 100% recycled rPET flyknit woven mesh and environmentally-conscious non-marking oil-resistant rubber sole. The Sophie Collection is designed for and chosen by women in industry with the AS610 IVY starting from a small UK size 2. Easy to slip into with quick-fasten bungee-lace front and pull lock tie function. Complete toe protection safety is given with an impact and compression resistant 200J steel toe cap with a heat bonded TPU toe guard giving that added durability. Underfoot penetration-resistance is given with a lightweight and flexible composite midsole, tested for general risks with a nail 4.5mm in diameter. A triple density ultra-cushioning Phylon midsole provides all day comfort and energy return. Non-marking outsole with antistatic construction ideal for supermarket and hospital flooring. Versatile light duty safety shoe suitable for use in warehouse, shop floor, stock rooms, delivery and environmentally-conscious businesses where there are sustainability goals.

- ◆ 10% Recycled rubber in outsole
- ◆ Non-marking outsole
- ◆ Oil resistant outsole. Antistatic. Energy absorbing heel.

This is a non-leather product that is suitable for the wear by vegetarians and vegans.

Care Advice: To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
