

## FS986

Standard	EN ISO 20345:2011
Category	S3 WR M HRO SRC
Size Range	UK 6 - 12   EU 40 - 47
Colour	Honey
Slip Resistance	SRC

**FS986:** Hardwearing waterproof Metatarsal Safety boot featuring an internal *PORON® XRD™* met guard offering extreme impact and compression resistance. Crafted with a water-resistant full grain Nubuck leather upper and uses Amblers Safety's *DRI-BLOC™* waterproof, breathable membrane for maximum water resistance. This rugged boot has a fully padded collar and gusseted tongue with soft mesh comfort lining and removable cushioning insole. The lace system has four industrial strength D-ring metal lace holds that incorporates the tongue for a secure and robust fit with upper speed lacing hooks for easy removal. Features a pull-on leather tab at the back for ease of change. It has an impact and compression resistant steel toe cap with protective *DIAMOND SCUFF™* PU textured toe guard and a penetration resistant steel midsole for underfoot protection. Shock absorbing heel with moulded rubber heel counter giving extra support. The oil-resistant rubber/phylon sole has deep grooves which channel away fluids giving top SRC slip-resistance. Has an oil and heat-resistant outsole to 300 degrees C.

<b>Upper</b>	Cow Nubuck Leather	<b>Construction</b>	Cemented
<b>Inner Lining</b>	Breathable waterproof membrane and mesh	<b>Outsole</b>	EVA/Rubber
<b>Footbed</b>	Removable Moulded PU	<b>Weight</b>	800 grams (half pair UK size 8)
<b>Impact Resistance</b>	200 Joules Steel Toe Cap	<b>Penetration Resistance</b>	Anti-Penetration Steel Midsole - Min. 1100N

### FEATURES

- ◆ Water resistant full grain Nubuck leather upper
- ◆ Poron® XRD™ internal metatarsal guard
- ◆ DRI-BLOC™ internal waterproof membrane
- ◆ DIAMOND SCUFF™ moulded rubber toe guard Moulded rubber heel counter for greater heel support
- ◆ Padded PU collar for extra comfort
- ◆ Leather pull on tab
- ◆ Comfortable, cushioned removable PU footbed
- ◆ Phylon midsole enhances comfort and shock absorption
- ◆ Rubber outsole heat resistant to 300 degrees C
- ◆ Oil resistant outsole
- ◆ Antistatic
- ◆ Energy absorbing heel.

**Care Advice:** To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
