

SPECIFICATION SHEET: FS13

AMBLERS
Steel

FS13

Colour Brown

Size Range 5-12

Standard ISO20345

Category S3

This high performing safety boot not only offers toe cap and midsole protection, but is lightweight, antistatic and water resistant. The Vibram© Sole, developed for mountain climbing, also safeguards the toe cap promoting a longer boot life. The ankle-high lace-looping system with a padded top provides extra support, protection and comfort. Also available in black (FS14).

Features

Benefits

ISO20345 tested

Conforms to ISO20345 Safety Footwear Standard.

S3

Toe protection tested to 200 joules impact.
Safety Footwear Leather Upper plus Antistatic and Energy Absorbing Heal.
Water Resistant Upper.
Penetration Resistant Sole.

Padded Top

Gives extra support to the ankle and added comfort.

Vibram© Sole

Rubber from a well-respected Italian company that revolutionised mountain climbing, known for its strength, lightness, grip, flexibility and resistance to abrasion. Vibram© Soles are tested in the field to verify their performance in extreme situations guaranteeing quality and proper functionality.

Composite Cap/Midsole

Non-metallic and considerably lighter compared to steel.
