	Durable Dual Density PU Outsole
	Ladder Grip on Outsole
	Oil Resistant Outsole
	Energy Absorbing Heel
	Antistatic
Care Advices	
	To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
