- ◆ Flexible softshell waterproof safety trainer
- ◆ Water resistant 3D printing upper
- ◆ Internal waterproof membrane
- ◆ Padded mesh collar
- ◆ Padded mesh tongue
- ◆ Moulded rubber toe guard
- ◆ Moulded rubber heel support
- ◆ Phylon midsole
- ◆ Nitrile rubber outsole
- ◆ Antistatic

**Care Advice:** To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
