

## FSI45

Standard	EN ISO20345:2011
Category	S3 WR SRA
Size Range	UK 6 - 13   EU 39 - 48
Colour	Brown

**FSI45:** A classic men's workboot in a traditional design from UK brand, Amblers Safety. Crafted using a crazy horse leather upper with six industrial strength hexagonal eyelets. Padded collar with smooth contrast black PU overlay, not only provides comfort, but also prevents debris entering the footwell. Cushioned tongue with flexible brushed suede leather. A waterproof breathable membrane sits between the leather outer and soft mesh lining keeping feet dry yet also wicks moisture away from inside the footwell. Industry standard impact and compression resistant protective steel toe cap and steel midsole. Injected PU welt and midsole with rubber outsole provides a durable last in tough working conditions.

<b>Upper</b>	Full Grain Leather	<b>Construction</b>	Injected PU Welt
<b>Inner Lining</b>	Breathable waterproof membrane & moisture wicking mesh	<b>Sole</b>	PU/Rubber Sole
<b>Footbed</b>	Removable memory foam footbed	<b>Weight</b>	750 grams
<b>Impact Resistance</b>	200 Joules Steel Toe Cap	<b>Penetration Resistance</b>	Steel midsole - Min. 1100N

### FEATURES

- ◆ Flexible & lightweight waterproof boot
- ◆ Water-resistant leather upper
- ◆ Internal waterproof membrane
- ◆ Padded PU Collar
- ◆ Padded Suede Tongue
- ◆ Injected PU welt & midsole
- ◆ Rubber outsole
- ◆ Antistatic
- ◆ Energy Absorbent Heel
- ◆ Oil resistant outsole

**Care Advice:** To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
