

FSI47

Standard	EN ISO20345:2011
Category	S3 WR SRA
Size Range	UK 6 - 13 EU 39 - 48
Colour	Brown

FSI47: A classic men's workboot in a traditional design from UK brand, Amblers Safety. Crafted using a Nubuck leather upper with six industrial strength hexagonal eyelets. Padded collar with smooth contrast black PU overlay, not only provides comfort, but also prevents debris entering the footwell. Cushioned tongue with flexible brushed suede leather. A waterproof breathable membrane sits between the leather outer and soft mesh lining keeping feet dry yet also wicks moisture away from inside the footwell. Industry standard impact and compression resistant protective steel toe cap and steel midsole. Injected PU welt and midsole with rubber outsole provides a durable last in tough working conditions.

Upper	Nubuck Leather Upper	Construction	Injected PU Welt
Inner Lining	Breathable waterproof membrane & moisture wicking mesh	Sole	PU/Rubber Sole
Footbed	Removable memory foam footbed	Weight	700 grams
Impact Resistance	200 Joules Steel Toe Cap	Penetration Resistance	Steel midsole - Min. 1100N

FEATURES

- ◆ Flexible & lightweight waterproof boot
- ◆ Water-resistant leather upper
- ◆ Internal waterproof membrane
- ◆ Padded PU Collar
- ◆ Padded Suede Tongue
- ◆ Injected PU welt & midsole
- ◆ Rubber outsole
- ◆ Antistatic
- ◆ Energy Absorbent Heel
- ◆ Oil resistant outsole

Care Advice: To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
