AS982C CONWAY: Robust waterproof metal-free dealer boot with AMBLERS SAFETY exclusively designed ladder-grip MICHELIN® Rubber outsole. A century of relentless innovation has inspired the most advanced and technical sole from MICHELIN® yet, so you are equipped to achieve peak performance from your work boots! All weather waterproofing protection is given by AMBLERS SAFETY'S leading DRI-BLOC™ internal waterproof, breathable membrane combined with a water-resistant full grain leather upper. Pull on boot with industrial elastic side gussets plus front and rear pull loops. Metal-free impact and compression 200 joule toe cap with durable moulded PU Toe Guard that passes the brand new 2022 scuff cap abrasion resistant test (tested to 1,000 abrasion cycles). Puncture resistant metal-free composite midsole tested for general risks with a nail of 4.5mm in diameter. All day underfoot comfort is given with a removable cushioning PU footbed with orthotic arch support alongside an energy rebounding shock absorbing PU midsole, making this an ideal footwear choice for workforce on their feet all day. Features a supportive moulded TPU heel counter that incorporates a heel kick for easy removal.

- ◆ Comfortable, cushioned and removable PU footbed with arch support
- ◆ Injected PU midsole enhances comfort and shock absorption
- ◆ Non-marking MICHELIN® rubber outsole
- ◆ Performance ladder grip on outsole tested to new ladder grip standard (LG)
- ◆ Outsole heat resistant to 300°C
- ◆ Antistatic construction & Energy absorbing heel.

Care Advice: To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
